About Spirit Avert

Spirit Avert AG is the listed entity of mindset ag. mindset is a new type of automobile that sets itself apart – both technically and aesthetically – from conventional automotive concepts. The development and marketing of the zero-local-emission-vehicle mindset constitutes the core activity of the company. The development team has at their disposal decades of experience in the design, production set-up and marketing of electric vehicles.

The key personnel bring together the passion for the project and a proven ability in automotive know-how. The board of directors and the management of the two companies are broadly the same. [mindset ag](#) is led by [Murat Günak](#), (CEO), previously vice-president and responsible for the overall design for VW, SEAT, Skoda and Bentley at Volkswagen Group.

The market for a reliable, zero-emission-vehicle based on proven technology has been long documented and is being supported at government level. The pent-up demand from the public for a “politically-correct car” is enormous.
